

GUIDANCE SERVICES

Testing Service - helps the pupils demonstrate their objective cognitive traits, interests and personality.

Testing

Counseling Service - helps individuals to adjust, understand their selves, discover their potentials and realize their strengths and weaknesses.

COUNSELING

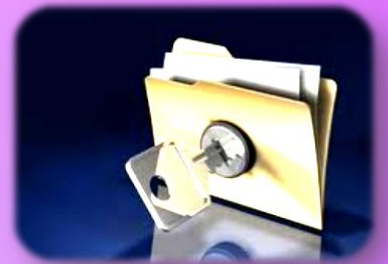

CAREER GUIDANCE

Career Guidance - to assist the individual to become actively involved in a positive way in his career development and decision-making.

Research and Evaluation

Students' needs, test and evaluation results and other important data are studied for planning and program development.

INDIVIDUAL INVENTORY

Individual Inventory gathers the necessary information from the pupils that would help the guidance counselor, teachers, and coordinators to understand them better. Obtained facts are used for pupils' evaluation.

Homeroom Guidance Program

Aims to accompany the students on the road to self-discovery and maturation through the inculcation of the Augustinian values and to bring to students' awareness the importance of Christian values that will help them to become true Christians.

INFORMATION

Information Service - improves pupils' awareness on the different programs and activities of the school.
